The Mvula Trust is South Africa’s leading and largest Water and Sanitation NGO established in 1993. Since its inception, The Mvula Trust has built a good reputation that positioned it as a change agent and champion of community development. The Mvula Trust has achieved quality results with real community impact. Our undeviating industry position has and continues to be in transforming and empowering the South African rural and peri-urban Water and Sanitation landscape through quality community improvement and incomparable industry leadership.

Our team’s occupational single-mindedness is in implementing and supporting the delivery of Water and Sanitation services in rural and peri-urban areas across South Africa. We specialise in community management, the establishment of Community-Based Water and Sanitation services providers and supporting national and local authorities to create and establish an enabling environment for Water and Sanitation sustainability.
