**ANNEXURE F - CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregards the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

**<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.**

**<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**

The Mvula Trust is a Non-Government Organisation and a leader as Development Organisation in South Africa's. The Trust specialises and focuses on developing and implementing services and capacity in the building sector. ### **2. Purpose of Document**

The Mvula Trust requires the services of Contractors to implement water, sanitation and building projects. As the processes of procuring and appointing contractors are lengthy, TMT decided to implement an Infrastructure Framework Agreement (IFA).

The Framework Agreement describe the required services without a defined scope of works and guarantee on the quantum of goods, service or works to be procured.

The Framework Agreement provides the means to allow The Mvula Trust to invite quotations/tenders from contractors registered on the Infrastructure Framework Agreement, on an instruction basis.

This Infrastructure Framework Agreement will operate for a period of three years and The Mvula Trust reserves the right to amalgamate the agreement during this period.

These submissions will be vetted to ensure contractors are capable and have the capacity to implement the projects according to TMT standards and practises. The Mvula Trust will inform the successful Contractors of registration on the IFA.

As and when works are required, The Mvula Trust will invite registered contractors from the Infrastructure Framework Agreement Supplier Database, to submit offers. A detailed scope of work will be provided for costing purposes. Depending on the project complexity, these quotations will be evaluated on either price and preference or price, preference and functionality.

Successful service providers will sign a contract with TMT for implementation of projects as per the detailed scope. The Mvula Trust may cluster or batch projects for implementation purposes.
